

# TRAVERTINE RUSTICO™

Enjoy the natural texture in this combination of a honed and unfilled tile. While the tile retains its natural textured patterning it still feels satiny smooth to the touch. The Rustico™ range includes a variety of colour options, including the pale Rustico™ Crema, slightly richer Rustico™ and the dramatic vein cut Noce, a sumptuously veined stone in rich browns and tans.

# TRAVERTINE RUSTICO™

## SIZES

Rustico™	Rustico™ Crema	Rustico™ vein cut Noce
305 x 305mm	305 x 305mm	305 x 305mm
406x 406mm	406 x 406mm	406 x 406mm
457 x 457mm	457 x 457mm	457 x 457mm
610 x 610mm		
820 x 406mm		
914 x 406mm		

## RECOMMENDED APPLICATIONS

This product is suited for both interior and exterior floors and walls. It can be used virtually anywhere in the house and is extremely popular in bathrooms and living areas. This product can also be used externally for walls. When used in interiors for floor tiling, the holes will eventually fill with residues over time giving the effect of a more rustic floor.

## LAYING RECOMMENDATION

- A 2-3mm joint between tiles
- The use of white tile adhesive
- Travertine grout
- Existing expansion joints are to be respected and not tiled over
- Use expansion joints as prescribed by architect or specialized tiler
- Tiles should be laid on a level and even screed which should have been cured for about one week before tiling

## PRODUCT CARE AND MAINTENANCE

All natural stone tiles should be sealed to prevent staining. The laid tiles should be washed with Delta Research Clean Stone which is a neutral stone detergent. After washing and rinsing the stone must be left to dry completely. As an anti-stain treatment we recommend the use of Delta Research Seal. The product must be applied by professionals or under strict instruction as indicated by Delta Research.

For everyday maintenance we recommend Delta Research Clean Stone or a neutral pH detergent. Do not use acid or alkaline detergents as repeated application will damage the sealer leaving the stone unprotected.

Remember to ask us about your warranty options.
